GLENELG, THE STATE'S MOST POPULATED SUBURB.

Adelaide's residents are prepared to sacrifice living space and backyards for a beachside lifestyle by cramming into two of the city's premier suburbs. Glenelg and Glenelg South are the two most populated suburbs in South Australia; they are small in size but large in apartment numbers.

Toop & Toop sales partner Grant Wills said the lifestyle at Glenelg and Glenelg South attracted residents and tourists. "It's a great lifestyle, summer or winter, and you have plenty of cafes and a nice relaxed environment." He said the supply of more apartments allowed more people to live at the bay.

"Certainly, it's become quite affordable to buy or even rent. You can get absolute beachfront for the very low \$300,000s at the moment. I think that's a really great opportunity. "

Excerpts taken from The Advertiser 10/7/12.

Here at Glenelg Self Storage we have a range of unit sizes to accommodate storing all your sporting and lifestyle goods. Want to store your lawn mower; whipper snipper; BBQ; Xmas tree; surfboard, skis; windsurfer or anything you would normally store in a shed or in that spare room that you need to use more efficiently. Don't get rid of it, store it for when you want to use it next time, use us as your extra space.

NEED TO STORE YOUR COMPUTER ?

Use crumpled paper or linen in the bottom of the carton, use bubble-wrap or plenty of paper around the computer. Pack any gaps. Modern computers have “self parking heads” if you are unsure about your computer refer to the manufacturer’s manual, or consult your retailer, especially if storing for longer than six months. (The original boxes are highly recommended for packing, but we don’t always keep every box things come in!!!)

Ask for one of our Storage hints and tips brochures.

EATING TOO LIGHT AT BREAKFAST -

While eating breakfast is a good thing nutritionally, the wrong balance of nutrients can leave you prone to overeating later in the day or cause excessive hunger mid-morning. Popular breakfast cereals and plain toast with spread are quick but carbohydrate-heavy breakfast options. Ideally we need to add protein (eg: eggs) and use low-GI breads and breakfast cereals for sustained fullness.

ONE POT SPAGHETTI BOG

1 onion, diced
500gms mince beef
2 bacon rashers, diced
1 jar tomato passata
1 jar your favourite pasta sauce
2 tspns beef stock
2 good pinches basil and 2 good pinches oregano
½ packet spaghetti (tube, thin, thick or flat)

Sauté onion and bacon till soft, fry mince, add stock and herbs, cook 1 min. Add both jars of sauce, stir, add each jar full of water, stir, bring to simmer. Add spaghetti (I like to break it in half), cover, simmer, stirring occasionally until pasta is cooked to your liking. Serve with garlic bread and a salad if you like.
